REMARKS

It is respectfully requested that this amendment to the specification be allowed after the notice of allowance in this case. Almost all of the above amendments to the specification have been made to make the specification agree with the new numbering of several of the figures in this application which has

been required by the USPTO Chief Draftsperson, Ms. Bridget Gray.
At least one change has also been made to correct a typographical
error.

Respectfully Submitted,

A handwritten signature in cursive script, appearing to read "Edward W. Porter".
